ENGINEERED TO PERFORM. BUILT TO PROTECT.

High-Performance Lubrication Solutions for
Automotive & Industrial Applications

ARB LUBRICANTS

Part of the ARB Bearings Group
Built on Engineering. Backed by Trust.

ABOUT ARB LUBRICANTS

Every moving machine depends on reliable lubrication to perform at its best. ARB Lubricants delivers high-performance lubrication solutions engineered with premium base oils and advanced additive technology to reduce wear, improve efficiency, and extend equipment life. From passenger vehicles and commercial fleets to agricultural equipment and industrial machinery, our products are designed to deliver consistent protection and dependable performance in demanding operating conditions.

Engineered for Performance. Trusted for Protection.

PREMIUM BASE OILS

- Advanced Additive Technology
- Consistent Quality Standards
- Reliable Performance Across Industries

BUILT ON THE ARB LEGACY

ARB Lubricants is backed by the engineering excellence of ARB Bearings Limited, a trusted name in precision manufacturing. With decades of expertise, a presence in 60+ countries, an extensive dealer network, and world-class manufacturing facilities, ARB has built a legacy of quality, reliability, and innovation. Today, ARB Lubricants carries this legacy forward by delivering advanced lubrication solutions that meet the evolving needs of modern automotive and industrial applications.

- Presence Across 60+ Countries
- 800+ Dealer Network
- 6 Advanced Manufacturing Plants

PERFORMANCE THAT GOES BEYOND LUBRICATION

Engineered with premium base oils and advanced additive technology, ARB Lubricants delivers reliable protection under demanding operating conditions. Every formulation is designed to reduce friction, minimize wear, improve efficiency, and maximize equipment life across automotive and industrial applications.

WHY DO PROFESSIONALS CHOOSE ARB?

- ⚙️ **ADVANCED FORMULATION** – Premium base oils with high-performance additives.
- 🛡️ **SUPERIOR WEAR PROTECTION** – Guards against friction, corrosion, and deposits.
- 🌡️ **RELIABLE PERFORMANCE** – Consistent lubrication across varying temperatures and workloads.
- ⌚ **EXTENDED EQUIPMENT LIFE** – Reduces wear and maintenance for longer service life.
- ⚙️ **APPLICATION-FOCUSED SOLUTIONS** – Engineered for automotive, commercial, agricultural, and industrial needs.
- 🏆 **CONSISTENT QUALITY** – Manufactured under stringent quality control standards. □

SYNTHETIC TECHNOLOGY. UNCOMPROMISED PERFORMANCE.

Synthetic technology is at the core of ARB's high-performance lubrication philosophy. We formulate with premium synthetic base oils and advanced additive technology to engineer lubricants with exceptional thermal stability, oxidation resistance, viscosity control, and high-temperature performance. Precision-engineered synthetic formulations provide enhanced protection under high loads, extreme temperatures, and demanding operating conditions—delivering longer lubricant life, cleaner operation, and dependable equipment protection.

ARB Lubricants goes beyond conventional lubrication by combining synthetic technology, advanced formulation science, and uncompromising quality to deliver lubrication engineered for superior performance.

OUR DEALER NETWORK

Building Strong Partnerships Across Every Market.

At ARB Lubricants, we believe our greatest strength lies in the success of our dealer partners. We are committed to building enduring relationships through premium products, dependable supply, technical expertise, and dedicated business support. Through regular dealer partners with the knowledge, confidence, and resources to grow their businesses. Together, we are creating a trusted network built on engineering excellence, mutual respect, and a shared vision for long-term success.

300+

CHANNEL PARTNERS

COMPREHENSIVE LUBRICATION SOLUTIONS FOR EVERY APPLICATION

ARB Lubricants offers a complete portfolio of high-performance lubrication solutions engineered to meet the diverse needs of automotive, agricultural, commercial, and industrial sectors. Every product is developed to deliver dependable protection, operational efficiency, and long-lasting performance under varying operating conditions.

🔥 AUTOMOTIVE ENGINE OILS

High-performance engine oils formulated for modern petrol and diesel engines, delivering exceptional wear protection, thermal stability, and cleaner engine operation.

🔥 GEAR & TRANSMISSION OILS

Advanced gear lubricants designed to provide outstanding load-carrying capability, smooth transmission performance, and enhanced component durability.

🔥 HYDRAULIC OILS

High-quality hydraulic fluids offering excellent oxidation stability, anti-wear protection, corrosion resistance, and reliable performance across industrial hydraulic systems.

🔥 COOLANTS

Premium antifreeze coolants engineered to provide effective temperature regulation, corrosion protection, and longer cooling system life under diverse operating conditions.

TWO-WHEELER ENGINE OILS

Maximum Performance. Every Ride.

Whether it's daily commuting or high-performance riding, ARB Two-Wheeler Engine Oils are engineered to deliver superior protection, smoother gear shifts, enhanced acceleration, and long-lasting engine performance. Formulated with premium base oils and advanced additive technology, they ensure reliable lubrication across all riding conditions.

RECOMMENDED APPLICATIONS

 Motorcycles |  Scooters |  Daily Commuters |  Performance Bikes

E GUARD PRO + 20W40 SN

ARB Fully Synthetic 4T E-Guard Pro+ is a premium engine oil engineered for the latest high-performance 4-stroke motorcycles. Formulated with premium fully synthetic base oils and advanced anti-wear additives, it delivers superior engine protection and cleanliness. Powered by i-MLP Technology, it ensures maximum power transfer, smoother gear shifting, and enhanced acceleration across all RPMs. It provides outstanding performance, durability, and year-round engine protection.

PACK SIZES: 900mL 1L 55L 210L

E GUARD MAX 10W30 SN

ARB 4T E-Guard Max is a premium fully synthetic 4-stroke motorcycle engine oil engineered for maximum performance and protection. Formulated with high-viscosity base oils and advanced life-enhancing additives, it minimizes deposits, delivers maximum horsepower, and ensures smooth, reliable engine performance.

PACK SIZES: 800mL 900mL 1L 55L 210L

E GUARD PRO 20W40 SM

ARB Semi Synthetic 4T E-Guard Pro is a premium semi-synthetic 4-stroke engine oil developed for the latest high-performance motorcycles. Formulated with premium semi-synthetic base oils, advanced anti-wear additives, and i-MLP Technology, it delivers superior engine protection, maximum power transfer, smoother gear shifts, and enhanced acceleration across all RPMs.

PACK SIZES: 900mL 1L 55L 210L

E GUARD 20W40 SL

ARB 4T E-Guard is a high performance 4 stroke bike engine oil which helps to achieve maximum horsepower by preventing deposit formation, giving smooth engine performance. ARB 4T E-Guard oil is a blend from high viscosity index base stock in combination with special life enhancing additives for ultimate engine performance and protection.

PACK SIZES: 900mL 1L 55L 210L

PASSENGER CAR MOTOR OILS

Advanced Protection for Modern Engines

ARB Passenger Car Motor Oils are formulated to deliver exceptional engine cleanliness, reduced friction, improved fuel economy, and dependable performance across varying driving conditions. Designed for modern petrol engines, these lubricants ensure long engine life while maintaining optimum efficiency throughout every journey.

RECOMMENDED APPLICATIONS

 Petrol Cars |  Sedans |  Premium Hatchbacks |  SUVs

ARB 5W30 API SN

ARB 5W30 API/SN is a fully synthetic motor oil engineered to deliver ultimate performance and longer engine life. It also provides excellent performance in both high and low temperatures. Friction control technology maximizes fuel economy in vehicles where SAE 5W-30 oils are recommended.

PACK SIZES: 3.5L 55L 210L

ARB 5W30 API SM

ARB 5W-30 API/SM is engineered to deliver ultimate performance and longer engine life. Its also provides excellent performance in both high and low temperatures. Friction control technology maximizes fuel economy in vehicles where SAE 5W-30 oils are recommended.

PACK SIZES: 3L 3.5L 55L 210L

CNG Ultima 20W50 API SG/CD

ARB CNG ULTIMA 20W-50 is a premium quality engine oil specially formulated for autos, passenger cars, and mini vans powered by Petrol, CNG, or LPG engines. The superior additive chemistry, blended with high-quality base oil, ensures protection against oxidation and nitration caused by the high-temperature combustion of CNG/LPG fuels.

PACK SIZES: 1L 3L

HEAVY DUTY DIESEL ENGINE OILS

Built for Heavy Loads. Engineered for Long Hauls.

Commercial vehicles operate under some of the toughest conditions.

ARB Heavy Duty Diesel Engine Oils are developed to withstand extreme loads, high temperatures, soot formation, and extended operating hours while maximizing engine life and reducing maintenance costs.

RECOMMENDED APPLICATIONS

-  Trucks
-  LCVs
-  Construction Equipment
-  Buses
-  Generator Sets
-  Agricultural Tractors

ARB DYSEL 7000 15W40

ARB DYSEL 7000 15W-40 API CI-4 Plus is a premium fully synthetic diesel engine oil engineered for modern heavy-duty diesel engines. Formulated with advanced additive technology, it delivers exceptional soot control, superior wear protection, longer drain intervals, enhanced fuel efficiency, and outstanding performance in high-temperature and EGR operating conditions.

PACK SIZES:	6L	7L	7.5L	8.5L
	10L	15L	55L	210L

ARB DYSEL 5000 15W40

ARB DYSEL 5000 15W-40 API CH-4 is a premium mineral-based diesel engine oil engineered for modern heavy-duty diesel engines. Formulated with high-quality base oils, advanced additives, and Friction Protector Technology, it provides superior wear protection, exceptional soot and deposit control, enhanced fuel efficiency, and reliable performance under the most demanding operating conditions.

PACK SIZES:	1L	3L	6L	7L	7.5L
	8.5L	10L	15L	55L	210L

ARB DYSEL 3000 20W40

ARB 3000 20W-40 is a premium API-certified multipurpose diesel engine oil engineered for modern turbocharged diesel engines operating in on-road and off-road applications. Its advanced formulation provides excellent protection against high-temperature deposits, oxidation, corrosion, and oil thickening, while maintaining superior viscosity stability under severe operating conditions.

PACK SIZES:	0.5L	1L	6L	7.5L
	8.5L	10L	55L	210L

HYDRAULIC OILS & COOLANTS

Protecting Systems Beyond the Engine

Reliable hydraulic performance and efficient engine cooling are critical for equipment longevity. ARB Hydraulic Oils and Coolants are developed to maintain operational efficiency while protecting vital components against wear, corrosion, overheating, and oxidation.

RECOMMENDED APPLICATIONS

- Industrial Machinery
- Commercial Vehicles
- Construction Equipment
- Passenger Vehicles

HYDRAULIC OIL AW-46/68

ARB HYDRAULIC AW-46 /68 oil is high viscosity index, chemically stable, good quality mineral base oils which have been further fortified with anti-oxidant, anti-corrosion, anti-wear and anti-foam additives. Recommended as fluid media for hydraulic systems operating under moderate to severe conditions. Also recommended for circulation, splash, ring oiling system, industrial gear and air compressors.

PACK SIZES:	5L	10L	26L	210L
-------------	----	-----	-----	------

ARB COOL-TECH

ARB COOL-TECH (1:3 Ratio) is a premium silicate-free antifreeze coolant formulated with Mono Ethylene Glycol and advanced additive technology. It delivers reliable protection against overheating, corrosion, rust, and scaling while ensuring efficient engine cooling and long-lasting performance.

PACK SIZES:	1L	3L	5L	210L
-------------	----	----	----	------

ARB COOL-TECH PLUS

ARB COOL-TECH Plus (1:7 Ratio) is a premium silicate-free anti-freeze coolant formulated with Mono Ethylene Glycol and advanced additive technology. It provides superior protection against overheating, corrosion, rust, and scaling while ensuring efficient heat transfer and long-lasting engine performance.

PACK SIZES:	1L	3L	5L	210L
-------------	----	----	----	------

GEAR & TRANSMISSION OILS

Reliable Power Transfer Starts with Superior Lubrication

ARB Gear Oils are engineered to withstand extreme pressure, heavy loads, and continuous operation while protecting gears, bearings, and transmission components against wear, corrosion, and thermal degradation.

RECOMMENDED APPLICATIONS

- ⚙ Manual Gearboxes | ⚙ Axle Drives | 🚚 Commercial Vehicles
- ⚙ Differential Assemblies | ⚙ Power Steering Systems

GEAR OIL EP-90

ARB Gear Oil EP-90 is a premium gear lubricant containing extreme pressure additives designed to cope with sliding action of hypoid bevel gears and to provide longer and smoother components life.

PACK SIZES:	0.5L	1L	5L	10L
	20L	26L	55L	210L

GEAR OIL EP-140

ARB Gear Oil EP-140 is a premium gear lubricant containing extreme pressure additives designed to cope with sliding action of hypoid bevel gears and to provide longer and smoother components life.

PACK SIZES:	0.5L	1L	5L	10L
	20L	26L	55L	210L

GEAR OIL EP 80W-90

ARB Gear Oil EP 80W-90 is a premium quality multi grade gear oil containing extreme pressure additives for automotive applications specially designed to provide optimum benefits in mechanical transmissions and gear boxes

PACK SIZES:	2.5L	5L	7L	55L	210L
-------------	------	----	----	-----	------

GEAR OIL 85W-140

ARB Gear Oil 85W-140 is a high-performance gear lubricant designed to provide effective lubrication in a wide range of automotive transmissions and axle drives where API GL-5 quality oils are specified.

PACK SIZES:	1L	5L	12L	20L	210L
-------------	----	----	-----	-----	------

UTTO PLUS

ARB UTTO Plus is a premium multipurpose Universal Tractor Transmission Oil (UTTO) engineered for year-round use in hydraulic systems, transmissions, differentials, and wet brake systems. Its advanced formulation provides excellent wear and corrosion protection, superior friction performance, and smoother transmission operation while minimizing brake chatter and transmission noise.

PACK SIZES:	5L	10L	20L	55L	210L
-------------	----	-----	-----	-----	------

AGRICULTURAL & UTILITY LUBRICANTS

Dependable Protection for Essential Equipment

Agricultural and utility equipment demand lubricants capable of delivering reliable performance under continuous operation and varying environmental conditions. ARB offers specialized formulations designed to maximize equipment efficiency and operational reliability.

ATF (TRANSMISSION FLUID)

ARB ATF (Automatic Transmission Fluid) is a premium transmission fluid formulated with high-quality base oils and advanced additives to deliver reliable protection and extended service life for automatic transmissions and power steering systems. It provides superior wear protection, excellent seal compatibility, and smooth, dependable performance while minimizing oil leakage.

PACK SIZES:	500mL	1L	5L	20L	210L
-------------	-------	----	----	-----	------

GEAR OIL EP 320

ARB Gear Oil EP 320 is a high-performance extreme-pressure gear lubricant designed for heavily loaded industrial gear systems. It provides excellent protection against wear, scuffing and surface damage, ensuring reliable performance under high loads and temperatures. Suitable for industrial gearboxes and enclosed gear drives requiring ISO VG 320 EP gear oil.

GEAR OIL EP 220

ARB Gear Oil EP 220 is a high-performance extreme-pressure gear lubricant designed for heavily loaded industrial gear systems. It provides excellent protection against wear, scuffing and surface damage, ensuring reliable performance under high loads and temperatures. Suitable for industrial gearboxes and enclosed gear drives requiring ISO VG 220 EP gear oil.

ARB DYSEL MULTIGRADE ENGINE OIL

ARB Dyzel Multigrade Engine oil is blended from high quality base stocks with superior additives like anti-oxidant, anti-wear and anti-foam to meet the lubrication requirement of agriculture Pump Sets, Gen Sets and General Machinery.

PACK SIZES:	3L	3.5L	55L	210L
-------------	----	------	-----	------

RECOMMENDED APPLICATIONS

- | | |
|-----------------------|----------------|
| Agricultural Tractors | Pump Sets |
| Farming Equipment | Generator Sets |
